***The Porn Industry is OUT of CONTROL, UNREGULATED,
and DESTROYING the COMMON GOOD.***

We need an ARMY of men to put an end to Pornography in Philadelphia and we can do this ONLY through PRAYER and ACTION! Pornography is destroying families and the lives of millions of men and women who are caught in the snares of sexual addiction. The **No More Porn Tour** is a great opportunity to share the TRUTH of God's plan for sex and marriage. We will offer information on healing and growth for those who are trapped by the tricks of the devil. We will also be holding signs and distributing literature about the dangers of pornography. This public witness will charitably emphasize the message of true love.
