Beltsville (intersection of Route 1)

***The Porn Industry is OUT OF CONTROL, UNREGULATED,
and DESTROYING the COMMON GOOD.***

Join the Maryland Coalition Against Pornography (MCAP) and The King's Men as we help our neighbors in Beltsville advocate for a pro-decency presence for their residents, especially the children. Help us to demonstrate that we are concerned about the negative effect that a sexually-oriented business can have on a neighborhood. Join us as we offer information on healing for those who are struggling with the effects of porn. Each year pornography destroys marriages, families, and the lives of millions of men and women who are sexually addicted.
